

Dear readers and Help Them To Hope supporters,

Catholic Charities is celebrating its 100th year as an agency and 70 years in Lake County this year. We provide compassionate, competent, and professional services that strengthen and support individuals, families, and communities based on the value and dignity of human life.

We ask today that you contribute to the Help Them To Hope campaign so that we can continue to support those in need in Lake County. With the funds collected through Help Them To Hope, we provide 12,000 individuals with emergency assistance of food, shelter, and clothing every year. We are deeply grateful for this support, which we have received since 1991.

Sincerely,

David Fries, LCSW
