

A Safe Place

TRANSFORMING LIVES AFTER DOMESTIC VIOLENCE

March 30, 2018

Dear News-Sun Editor:

A Safe Place would like to thank the readers of the Lake County News-Sun for their generous support of the Help Them to Hope Campaign. Your investment makes it possible for A Safe Place to provide emergency shelter, food, clothing, counseling, orders of protection and supportive services to victims of domestic violence who are fleeing their homes in crisis. To help individuals to rebuild their lives, A Safe Place offers therapy, life skills training and connection to key resources. To ensure that women and children have housing options other than returning to their abuser, A Safe Place links families with affordable housing. Since a woman is nine times more likely to be killed by her abuser after escaping a violent relationship, A Safe Place helps to protect women post-separation by offering safe custody exchanges and supervised child visitations. To prevent future violence, we provide advocacy, education, outreach to survivors of domestic violence and their children, mentoring for adolescents, and intervention services for abusers to learn accountability for their choices and actions. This is only possible through the generosity of donors like you.
