March 23, 2018

Dear Editor,

On behalf of the Roberti Community House, I was thrilled to receive the funds from Help Them To Hope's 2017 campaign funds. This award is so greatly appreciated and will allow us to rescue more fresh produce that will be added to our meals. We will continue to prepare healthy, nutritional meals for the under-served and vulnerable children attending our summer and after-school programs. Last year we worked with over 250 children in all of our programs designed specifically for youth.

Thank you for your support to us and the local charities serving the less fortunate in Lake County. For more information about the Roberti Community House, please visit our web site at www.roberticommunityhouse.org and see pictures of our numerous activities on Facebook.

Sincerely,

Maribeth Roberti
Executive Director
Roberti Community House
