Letter to the Editor
Lake County News-
Sun

Last year, PADS Lake County served just shy of 2,000 individuals. During the month of October, we increased over a 100% increase in the number of families in need of shelter. As the needs of our community continue to evolve, the Lake County community continues to enthusiastically responds to those needs.

PADS Lake County is ever so grateful to Help Them to Hope for its generous support of the people we serve. This support ensures that a young family can provide a safe environment for their children. It assists the elderly gentleman who counted on a pension that was taken away from him. It provides advocacy, dignity and shelter — what PADS stands for and does.

Most importantly, we thank you, the readers of the Lake County News-Sun, for your support of Help Them to Hope. Your willingness to share your gifts with our neighbors experiencing homelessness is truly admirable and inspiring. The people we serve will benefit tremendously as a result.

On behalf of all those whom PADS serves, thank you for all your support!
