

5/2/2023

Dear Lake County News-Sun Editor,

Beacon Place would like to thank Help Them To Hope for the generous gift that will be directed to our programs to help support the children and families in the Beacon Place community! We would also like to thank the people of Lake County, IL for their support in the community-wide fundraising efforts.

This year, our focus is on sharing the voices of our Beacon Place families and their stories of brighter futures created by the impact of our programs and services. That impact is created by supporters like you - those who give generously to help us, help children and families. Individuals who are willing to lend a hand to others who are willing to do the work, they just need the help of that first step.

Their voices and stories are powerful. Families that are overcoming obstacles and creating paths toward a brighter future. We believe that each and every individual has the ability to create their own version of this vision. Beacon Place does not set or define that path for them – they do. We just provide the experiences, guidance, and resources to make it happen.

We know that challenges for our families have not gone away, they have gotten larger. The need for our programs and services, greater. Your support changes that. It changes futures.

Thank you for joining the Beacon Place community on this journey forward! Please follow us on social media and email this year as we share the stories of the big impact and bright futures you are helping to create.

Sincerely,

Shailushi Ritchie
Interim Executive Director
