We are so grateful to be a recipient of a Help Them to Hope grant again this year! Your support and generosity allow Mothers Trust Foundation to help more of those children who need it most in Lake County.

This grant will be used to answer the calls for assistance by our Service Partners on behalf of so many in need. It may provide new clothes. It may provide for a car seat to keep a newborn safe. It may provide for a bed or bedding to make sure a child is warm and well rested. Or it may provide a child the opportunity to play a sport, learn to play a musical instrument or experience the joy of summer camp. Last summer, a record 302 children attended summer camp through MTF grants, providing children with much needed socialization and an opportunity to learn new skills. It also provides parents with a safe, structured environment for their children so that they can maintain employment during the summer months.

In 2022, over 2,500 children were impacted by MTF grants and programs for basic needs, stable housing and enrichment opportunities. We could not do what we do without our loyal donors like those that give through Help Them to Hope.

Thank you, Help Them to Hope, for your support over the years in providing hope for better days to Lake County children and families. Thank you for helping build confidence. Thank you for making a difference...one child at a time.

With gratitude,

Paula Turelli
